

SOUTH CONTINUES TO PUSH TO THE FRONT

In the Manufacture of Cotton, Says
President Harrison.

WASHINGTON, D. C., June 18.—"The south continues to push to the front in cotton manufacturing," said President Harrison, of Southern railway company, today.

"The report of the census bureau on the consumption of cotton in the month of May and in the ten months ended May 31, shows that for May, 1916, consumption in the south was 324,444 bales, as compared with 250,423 bales in the mills of all other states. The increase in the south over May last year was 22.23 per cent, as compared with 9.66 per cent in all other states.

"For the ten months the consumption in the south was 2,934,903 bales as compared with 2,400,670 bales in all other states. The increase in the south over the corresponding ten months last year was 17.93 per cent, as compared with 14.47 per cent in all other states."

MILK, ICE, NEWSPAPERS, SUNDAY NECESSITIES

Outcome of Test Cases in Virginia
of "Blue Law" Violations.

RICHMOND, VA., June 19.—Sunday music in hotels and restaurants and Sunday shoe shines were held unlawful by Police Judge Crutchfield today in convicting persons arrested yesterday for violating "blue laws" revived by the new ouster act.

Judge Crutchfield held, however, that the manufacture and sale of ice and milk, operation of street cars, telephones, telegraph and cold storage plants, manufacture of bakery goods, cleaning of railroad cars and operation of express companies was necessary and freed persons arrested for work in connection with such enterprises.

Cases against Sunday newspapers, transfer companies and taxicabs were taken under advisement. No interpretation was placed on the law as it applied to safe drinks, tobacco and gasoline as proprietors of houses dealing in these articles closed their places.

Test cases had at Newport News brought decisions that milk, ice and newspapers were necessities. Other cases were continued.

SHORT HORN CALVES.

KNOX COUNTY TEACHERS AT STATE NORMAL

Knox county has quite a large and enthusiastic representation attending the summer term at the East Tennessee State Normal. The Knox county spirit of progressiveness and enthusiasm characterizes all teachers from that county, and all are getting into the spirit of the institution and participating in all the activities. A meeting of Knox county teachers was held and officers were elected and an association formed for better acquaintance. Following are the names of officers and members: Prof. L. M. Kennedy, president; Stella Ellis, secretary; Mamie L. Ford, Grace O'Fallon, Onslow Ryan, Inez Carey, Elma L. Bishop, Preston Edmondson, Belle Murphy, Retta Davis, Flora Smith, Theresa Schlicke, Maude Mitchell, Ernest Speer, Edna Davis, Beulah Tarver, Lydia Speer, A. E. Sherrod, Helen Easley, Nellie Cooper.

SPANISH KING URGED TO TAKE ACTION

To Prevent War Between United States and Mexico.

MADRID, Spain, June 19.—Spanish Press Association today received a cablegram sent on the behalf of the Spanish colony in Mexico City urging King Alfonso to take action to prevent war between the United States and Mexico. The selection of the king to arbitrate the differences between the countries is suggested, and the Press Association is requested to give its support to this project.

Columbia, S. C. \$5.50

From JOHNSON CITY.

Tickets will be sold for train No. 1 leaving Johnson City at 6:55 a. m., connecting with special train leaving Knoxville 2:30 p. m., July 8th, and arriving Columbia 1:30 p. m., July 9th. Tickets will be good returning on any train reaching starting point not later than midnight of July 18th, 1916. Tickets good in Pullman sleeping cars or coaches.

For Pullman reservations or further information call on any Southern railway agent or write
G. M. ELLIS, D. P. A.,
Knoxville, Tenn.

BROODED OVER OLD TROUBLE

Wednesday morning about 4:30 o'clock, at Ralph Lyle's barn, about two miles south of the city, Bush Campbell shot and wounded Boring Kelley, two or three times, the wounds being only flesh wounds, neither of which it is thought will be of a serious nature.

According to reports received of the shooting, bad blood has existed between the two men for several months. Campbell having knocked Kelley down some time ago while he was hunting in the former's community and they having become engaged in an altercation. At that time it is stated that Campbell swore that he would kill Kelley. However, Campbell was arrested here by local officers, but not until he had given fight to the police officers and deputies, and having wounded Policeman Brumit. It is stated that Kelly having been a witness against him in this case enraged Campbell.

Campbell was given a hearing at Jonesboro and was given a sentence in the workhouse, where he spent a few weeks and made his escape when the workhouse gang was engaged in work near this city. Since that time he has been living, it is stated, in the community where his father resides, in the upper part of the 8th civil district. It is stated that the sheriff of the county and his deputies have had for some time four warrants for the arrest of Campbell but that so far they have not apprehended him.

The shooting of this morning appears to be the result of Campbell's having brooded over the old altercation. It is stated that Mr. Kelley had gone to the barn to milk and was milking a cow when Campbell walked in on him and attacked him. It is stated that a general fight ensued between the two men, and that Campbell beat Kelley over the head with the pistols, he having had one in each hand. It was during the fight, it is stated, that Campbell fired two shots, which struck Kelley. One wound is through the shoulder and appears to have been fired from the back, while the other shot entered the hip. Both are slight wounds.

Following the shooting Mr. Kelley was removed to his home near by and medical attention was summoned. Campbell, according to witnesses, walked away from the scene following the Embreeville railroad and it is believed that he went to the community in which his father, Fuller Campbell lives.

Folsom Leonard, who resides in the community where the shooting took place, and who states that he was within two hundred yards of the barn when the shooting was done, states that he heard only two shots fired and believes that these were the only shots fired. Mr. Leonard states that in ten or fifteen minutes after the shooting he saw Campbell leaving the barn and walking up the railroad.

Kelley is about 35 years of age and has a family. He is an employee of Ralph Lyle. Campbell is about 21 years of age.

Bloodhounds and deputy sheriffs left for the scene of the shooting immediately, but the dogs could make no progress and they as well as the men gave up the hunt for the time being.

HUGHES HOLDS CONFERENCE WITH PARTY LEADERS

NEW YORK, June 19.—Charles E. Hughes after spending a busy day here at his headquarters with republican leaders discussing the reorganization of the national committee and selection of a chairman, left today for Providence, R. I., to attend his class reunion at Brown university. He expects to return Thursday.

It was expected that the new chairman would be named at a 45-minute conference today between Mr. Hughes and the sub-committee of the national committee appointed for that purpose. At the conclusion of the conference, however, Mr. Hughes personally announced that nothing had been accomplished in that regard. He said the meeting was only a "preliminary" one.

It was officially announced that William R. Wilcox, former public service commissioner, and Wm. Loebe, Colonel Roosevelt's former secretary, had been virtually eliminated from consideration for the chairmanship.

Frank H. Hitchcock, mentioned in connection with the chairmanship, conferred with the candidate.

Other callers were Charles D. Hill, the retiring chairman; former State Senator Davenport, Frederick C. Tanner, and State Senator Thompson; former Attorney-General Wickensham and Senator Lodge, of Massachusetts.

Mr. Hughes declined to discuss the Mexican situation.

Impressed the Child.
A well-known American traveler, describing the impressive costume and tanners of a Flemish beadle, tells of a dear little American girl who, watching one such personage walk majestically down the aisle of a great cathedral, asked, wide-eyed and wondering, "Mamma, mamma, is that God?"

FEEDING COTTON SEED MEAL TO WORK STOCK

(By R. M. Murphy.)

On many farms the work stock receive a ration of corn for grain, and grass hays, corn fodder, millet, sorghum, or other strictly carbohydrate roughage. Corn itself is high in the starches and sugars, so that the ration is very one-sided, and the animals are not supplied the proper amount of protein to keep them in first-class condition for hard work. They need protein to make up for the wear on their muscular tissues. An excess of carbohydrate feed, such as corn, heats the animals unduly when at hard work in hot weather. By replacing part of the corn in the ration with cotton seed meal, the amount of protein may be increased and the heating effect lessened sufficiently to give satisfactory results.

One pound of cotton seed meal will replace two pounds of corn in such a ration. With corn worth nearly as much per 100 pounds as cotton seed meal, this means a cheaper ration.

The following may assist the feeder in taking advantage of this advice without any harmful effects resulting:

- 1.—Do not feed an animal more than two pounds of cotton seed meal per day at any time.
- 2.—Begin by feeding at first a small quantity of cotton seed meal mixed with other grain, gradually increasing to the desired amount.
- 3.—Cotton seed meal is fed to best advantage with crushed corn or other similar fine material, with which it may be mixed, but it is being fed with satisfactory results with ear corn. This latter method of feeding is thoroughly satisfactory if the stock will eat the cotton seed meal. In some instances they do not take to it readily. Even where ear corn is fed it might be possible to supply a small quantity of crushed corn, wheat bran, etc., with which to mix the cotton seed meal and thereby induce the stock to eat it.
- 4.—If you have been feeding fifteen pounds of corn per horse per day, gradually replace some of the corn with cotton seed meal until you are feeding eleven pounds of corn and two pounds of cotton seed meal. Four pounds of corn saved means eight ears.

The proportion of cotton seed meal to corn in the ration should not be greater than one pound of cotton seed meal to five pounds of corn. Cotton seed meal weighs one and one-half pounds per quart.

Divide the day's allowance of cotton seed meal into three equal portions and feed with the corn. A full ration of grain or roughage for horses or mules varies from one to one and one-half pounds per hundred weight of animal.

Do not feed more than one pound of cotton seed meal per day to brood mares.

ELIZABETHTON.

Elizabethton, Tenn., June 19.—Mrs. N. H. Phillips, of Crete, Ind., has been visiting her brother, Thos. Hunnicut. Mrs. Phillips left this section 18 years ago and this is her first visit to her old home.

The Baptist Sunday School will hold its annual picnic in July at the historic Judge H. C. Smith farm, near Valley Forge.

W. F. Scott, who had announced himself as a candidate for trustee, has withdrawn from the race.

Mrs. John W. Tipton is visiting her daughter, Mrs. Lee F. Miller, in Johnson City.

The B. Y. P. U. of the Baptist church was entertained Friday evening at the home of the pastor, E. K. Cox.

Mr. and Mrs. G. C. Crumley and children, of Pinola, have been visiting relatives in Elizabethton for the last few days.

James S. Dempsey has withdrawn as a candidate for sheriff of Carter county.

Mr. and Mrs. George L. Miller, of Erwin, have been visiting relatives in town for the last few days.

On Tuesday afternoon at the home of Mrs. Bert Tipton was held the June meeting of the John Carter chapter of the D. A. R. There was no literary program designated for this meeting, as it was the occasion of the annual election of officers. One new name was presented and heartily endorsed for membership by the chapter. A report of the annual congress which meets in Washington each April was given by Mrs. Seiler, who represented the chapter at the congress this spring. Miss Elsie Tipton, daughter of the hostess, served the guests fruit punch on the veranda upon their arrival, and at the close of the afternoon, assisted by Miss Lois Horton, passed an ice course suggestive of "flag day" in its color scheme.

F. E. Hunter, who is in St. Luke's hospital at Bristol, is reported as improving.

Mrs. J. A. Grahl, who has been in St. Luke's hospital for several days for treatment, is expected home today.
